

JMC Productions was created to inspire the Atlanta community through art, and we are especially invested in our youth. We hope to expose our youth to the arts, nurture their interests, and foster a love for music by teaching the various educational, cultural, and social impacts that all forms of music have. By creating musicians and artists who are well-rounded in various styles and instruments that interest them, they will discover that they ARE MUSIC.

Currently, all piano and voice lessons are in-home sessions. Virtual lessons are coming soon!
